

Time is flying!

Instructions for wearing the sticker on February 22, 2010

Support the representatives of all the Common Front organizations demonstrating in front of Parliament Hill on February 22 at 12:30.

Be visible in all our workplaces.

To support the *Mass rally of the Common Front organizations' bargaining bodies* on February 22, 2010, you will be receiving stickers that say **TIME IS FLYING!**

The idea is to distribute the stickers to all your members so they can **wear them the entire day on February 22!**

It's important not to forget that March 31, 2010 is rapidly approaching and we have to demonstrate to the public, our employers and the government how determined we are to have a negotiated settlement by that date.
