

NEGOTIATION PUBLIC SECTOR 2010

BLACK SQUARE CAMPAIGN

Public sector workers represented by the FTQ want a negotiated collective agreement **NOW!**

Starting today, and until we reach a collective agreement, all FTQ members in the public sector (health and education) will wear a small black square at work.

The black square must become a symbol of our determination to improve our working conditions.

Please distribute black squares to all the workers in your workplace and make sure that everyone wears the square every day until the end of the negotiations!

THANK YOU!
